

CollPlant Biotechnologies

WE'RE HIRING!

Legal Counsel

CollPlant, located in Rehovot, Israel, is developing technologies in the fields of regenerative medicine, 3D bioprinting of tissues and organs and medical aesthetics.

We are looking for a talented and highly motivated legal counsel to join our team.

The legal counsel will be working on a wide variety of corporate, commercial and compliance related matters and handling the company's legal needs. The role will report to the company's General Counsel.

Responsibilities:

- Review, draft and negotiate commercial agreements of various types (including services agreements, employment agreements, distribution, consulting, suppliers, NDAs and more);
- Assist the General Counsel and management with the company's ongoing compliance matters, including corporate governance and capital market.
- Handle public company matters including SEC filing support, trading blackout processes and manage GM processes.
- Handle legal issues pertaining to the business.
- Provide ongoing legal advice, working with all departments of the company (operations, HR, finance, marketing, R&D, etc.).
- Assist in cross-organizational compliance procedures and the creation of legal working methods for all departments in the company.

Requirements:

- 4+ years of relevant experience in a legal department of a global company or commercial department in a leading law firm;
- Experience with Bio-Tech industry an advantage.
- Experience in drafting, reviewing, negotiating and finalizing various commercial agreements such as license agreements, IP agreements, employments agreements, consulting and services agreements, various marketing and R&D documents, understanding business needs and risks, working closely with company's departments.
- Experience in corporate governance and compliance in public companies – an advantage.
- English at mother-tongue level (speaking and drafting)
- LLB degree from an accredited law school, and a license to practice law in Israel.

Skills:

- Excellent organizational and interpersonal skills;
- Strong ability to drive end-to-end processes and analysis while collaborating with management and employees;
- Self-motivated with an ability to multi-task and deliver outstanding work product while managing a high volume of assignments with varying priorities in a fast-paced environment;
- Great attention to details and excellent time management skills;
- Pragmatic and business-focused mindset with demonstrated ability to take ownership and resolve issues;
- Strong work ethic, well-organized, and detail-oriented.
